

Recruitment Marketing:

Fad **or** *FUTURE?*

An in-depth look into what employers and job seekers have to say about marketing to candidates

The rise of the **CONSUMER CANDIDATE** and **RECRUITMENT MARKETING.**

Recruitment marketing has increasingly become a core competency of talent acquisition. Unlike other employee-facing systems — such as solutions that handle performance management, payroll, benefits, etc. — most recruitment activities take place outside of your business' four walls within a vast, online universe of candidates. To keep up with today's consumer-minded job seekers, modern recruiting professionals are adopting recruitment marketing techniques and tools to establish and sustain connections with candidates.

Companies need to **PREPARE FOR FUTURE HIRING NEEDS** and **AVOID TALENT SHORTAGES** by thinking like marketers.

86% of HR professionals agree that recruitment is becoming more like marketing.

..... **and**

86% of HR professionals agree that recruitment marketing is an effective strategy to identify, attract, engage, and nurture candidates.

Understanding **HOW AND WHY** candidates search for jobs is **KEY TO ATTRACTING AND ENGAGING PEOPLE** at the right time.

94% of job seekers are likely to apply to a job if the employer actively manages their employer brand online

76% want details on what makes the company an attractive place to work

Source: Glassdoor, October 2014

COMPANY CULTURE, CAREER GROWTH OPPORTUNITIES, AND PERKS AND BENEFITS can all be marketed to portray an employment brand.

COMPANY CULTURE is becoming a MAJOR DIFFERENTIATOR from the perspective of job seekers.

TURN YOUR EMPLOYMENT BRAND INTO YOUR BEST RECRUITMENT MARKETING TOOL.

A well-articulated employment brand helps job seekers understand if they're a good fit for the company. When combined with a compelling value proposition (why someone would want to work for you), an organization can position itself as a sought-after employer of choice.

of HR professionals agree that having a strong employment brand is more important today than it was five years ago.

of HR professionals agree that having a strong employment brand provides companies an edge against their competition.

agree that having a poor employment brand makes it difficult to attract top talent.

of HR professional said their company is investing money in its employment brand.

WHAT DO JOB SEEKERS THINK ABOUT COMPANY CULTURE?

77% agree companies that have a **strong reputation** have an edge over those who do not.

69% agree that the **image of the organization** they decide to work for reflects who they are and the choices they make.

55% agree that it's **easy to determine** if they would be a **cultural match with an organization** based on its employment brand.

How do HR professionals **PROMOTE AND MAINTAIN** their **EMPLOYER BRAND**?

THEY SHARE OPEN JOB INFORMATION

- 50% use general corporate social media profiles to promote open positions
- 42% maintain career-specific social media site(s) to promote the employment brand and advertise open positions

THEY PROMOTE COMPANY CULTURE

- 49% use job descriptions to display company culture
- 31% incorporate employee testimonials on company's career website

THEY HAVE IN-PERSON EVENTS

- 49% participate in or host career events

THEY UTILIZE MARKETING TACTICS

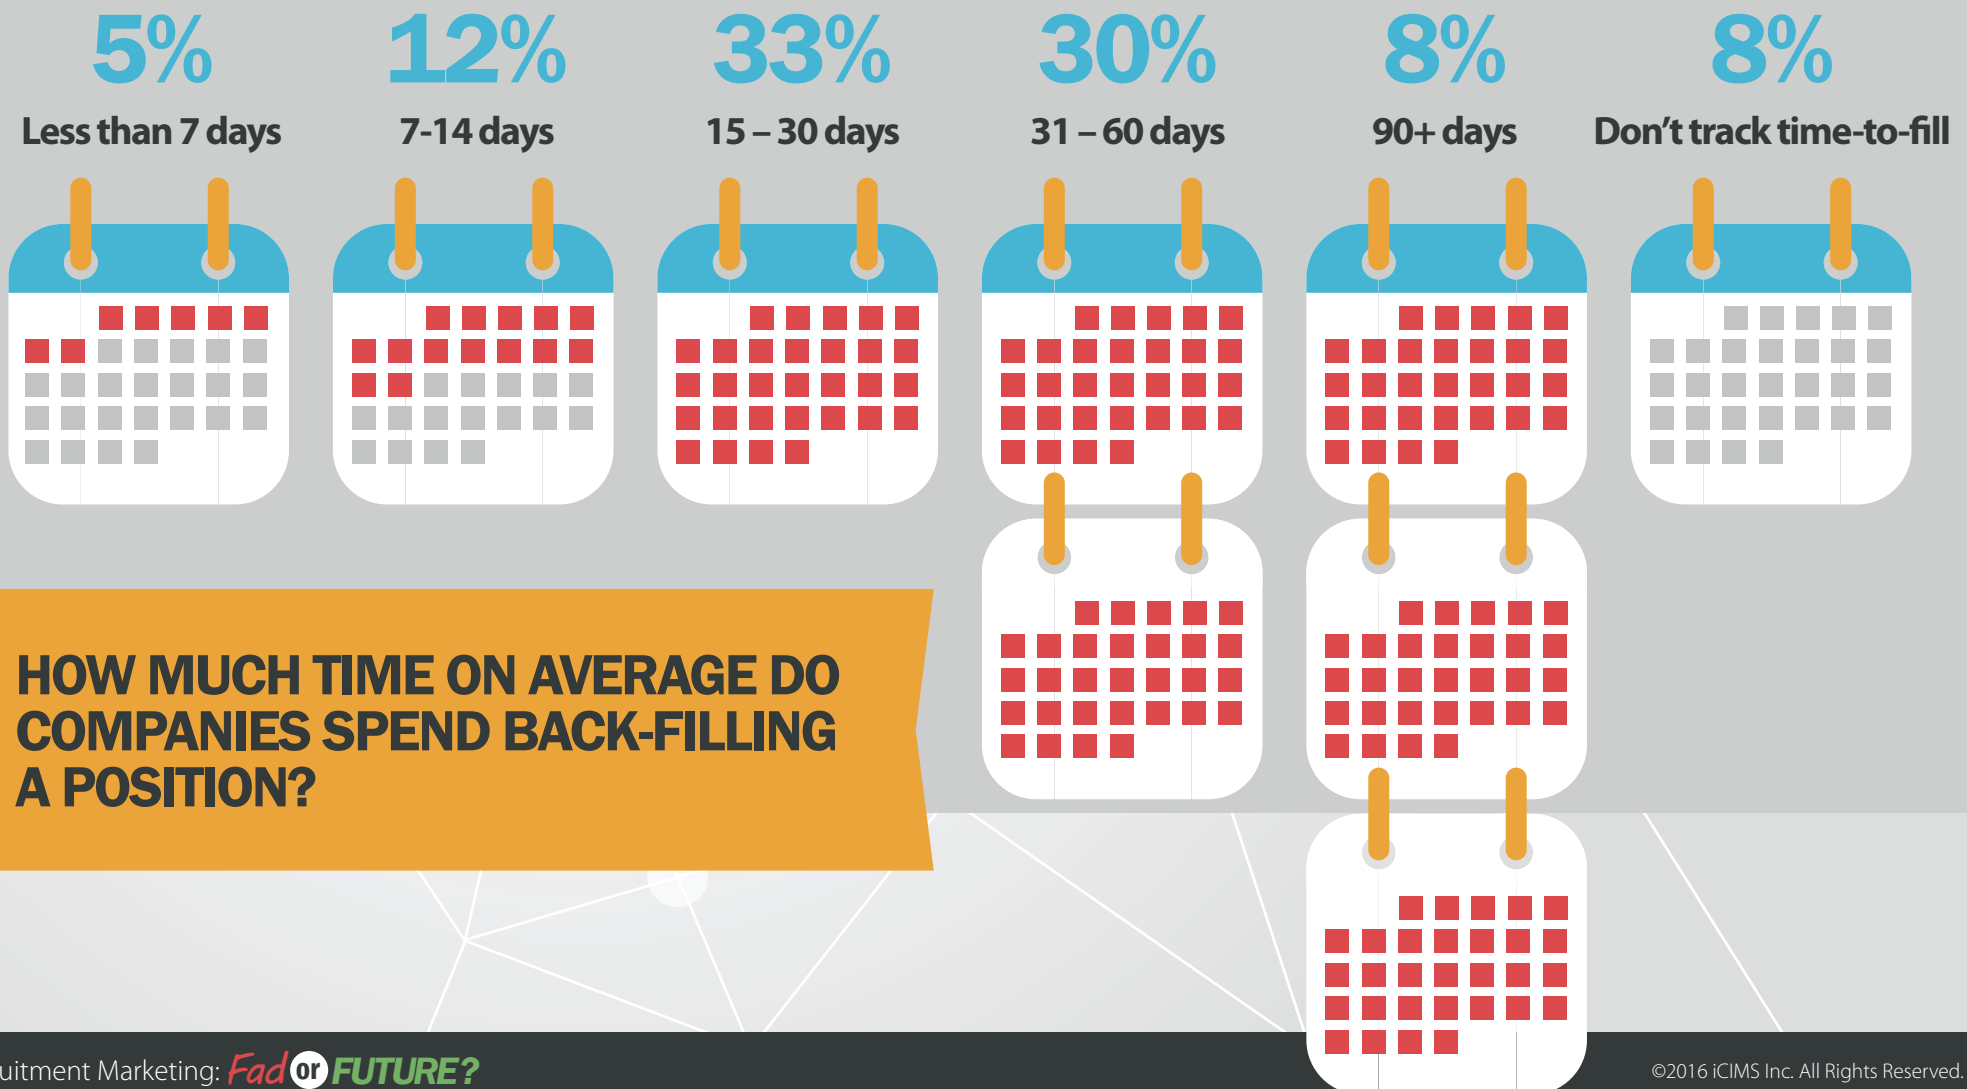

- 31% use search-engine marketing (SEM)
- 30% utilize multimedia recruitment brand advertising campaigns in newspapers, magazines, on TV, billboards, radio, or online
- 28% send email blasts, newsletters and other communications to prospective candidates in talent pools
- 28% incorporate videos on company career websites such as employee spotlights

HR PROFESSIONALS HAVE THE MOST ROOM FOR IMPROVEMENT IN UTILIZING MORE MARKETING TACTICS

What HR professionals say about **TALENT POOLS.**

To avoid a costly and lengthy time-to-fill, employers can build talent pools and nurture passive talent until they are ready to apply for an open position.

Engage passive candidates by creating **AUTOMATED EMAIL CAMPAIGNS** for different candidate populations and track email effectiveness.

Make it simple for passive candidates to submit basic information and opt-in to automated email campaigns via a Recruitment Marketing Automation or CRM (Candidate Relationship Management) tool.

64%

of HR professionals use talent pipelines or pools to fill future positions.

What **TALENT PIPELINE ACTIVITIES** do employers engage in?

ORGANIZATION

- 62%** keep a list of prior candidates
- 55%** keep a list of leads of possible (passive) candidates
- 49%** organize recruitment events to source candidates for specific roles (interns, university recruiting, etc.)
- 27%** create reports to track pipeline growth and trends
- 27%** segment leads based on specific department interests

COMMUNICATION

- 56%** communicate with candidates who have applied for positions with overlapping skill sets
- 52%** maintain dialogue with prior applicants
- 48%** maintain a verbal dialogue with leads of possible (passive) candidates
- 37%** remain connected to possible (passive) candidates using marketing tactics

Job seekers want to join **TALENT POOLS** to connect with possible future employers.

of job seekers agree that companies should develop more talent pools to keep job seekers up to date on company information including job alerts and other announcements.

of job seekers agree that utilizing talent pools is an effective strategy for companies to identify, attract, engage, and nurture top talent.

of job seekers said they would be interested in joining a talent pool to receive updates from an organization they'd like to work for.

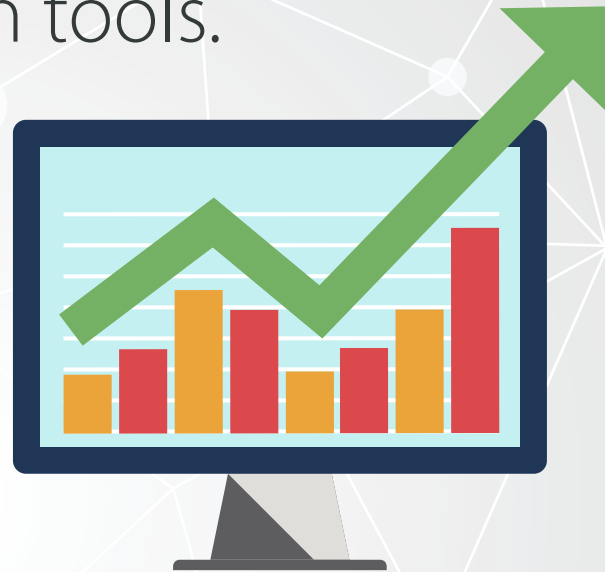

of job seekers have joined a talent pool at an organization they were interested in working for.

To keep up with the **RISE OF THE CONSUMER CANDIDATE**, employers must adopt modern tools.

84% agree

that recruitment marketing is a **worthwhile investment** for companies.

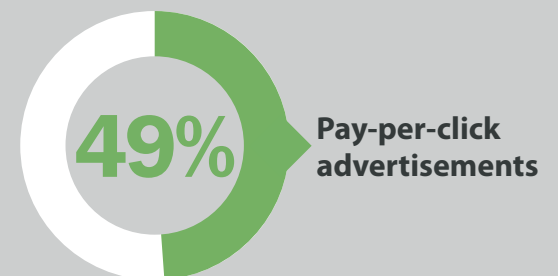

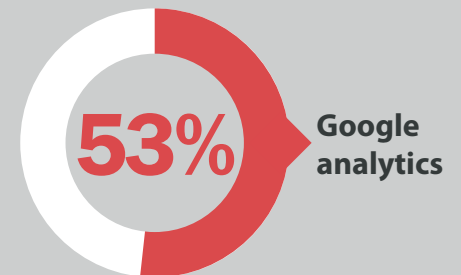

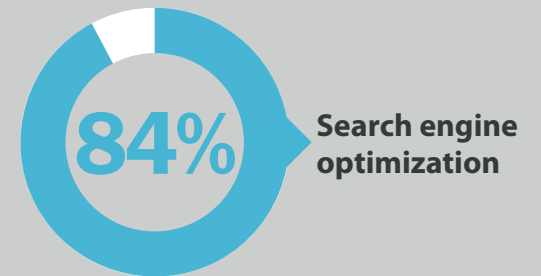

76%

of HR professionals agree that their company has **received a strong ROI** from using a recruitment marketing automation or CRM tool.

72% OF HR PROFESSIONALS AGREE THAT CRM TOOLS SHOULD LIVE WITHIN A TALENT ACQUISITION SYSTEM.

THIRTY-NINE PERCENT of companies are using search engine marketing and advertising (SEMA) to attract employees.

How are employers using **RECRUITMENT MARKETING TOOLS**?

Recruitment marketing automation and CRM tools allow employers to create and schedule email campaigns that allow recruiters to **automatically engage talent pools** on a recurring basis. This usually involves **sharing career opportunities, networking events, and company information** in scheduled newsletters.

When recruitment marketing/CRM tools live within a **TALENT ACQUISITION SYSTEM**, it gives recruiters the ability to **CENTRALIZE COMMUNICATION** and **KEEP TRACK OF THE CANDIDATE'S LIFE CYCLE** all within one system.

What does **SUCCESS** look like with a **RECRUITMENT MARKETING** or **CRM TOOL**?

HR professionals said they track the following metrics within their CRM tool:

career site visitors

65%

email click-through rates

65%

email open rates

55%

conversion from passive to active candidate

50%

79%

of HR professionals agree that receiving support from their company's Marketing department would help make their recruitment marketing initiatives more successful.

What **CHALLENGES DO HR PROFESSIONALS FACE** when it comes to recruitment marketing?

WHAT DEPARTMENT CONTROLS THE COMPANY'S RECRUITMENT MARKETING INVESTMENTS?

BUT ONLY 44% of HR professionals feel equipped to own **recruitment marketing** for their company. This includes utilizing drip campaigns, employer branding, recruitment marketing metrics, and advertising spend.

2016: The Year of Recruitment Marketing

48%

of HR professionals already **have or plan to hire someone** in 2016 who is responsible for recruitment marketing.

WHAT DEPARTMENT WOULD A RECRUITMENT MARKETING ROLE BE WITHIN THE ORGANIZATION?

67% HR

23% Recruitment or Talent Acquisition

10% Marketing

Technology and the world of recruiting have changed dramatically in recent years, giving employers access to better and more powerful recruitment tools. Now is the perfect time to dive deeper into modern recruitment marketing technology to see what it can do to support your recruiting staff, your candidate engagement, and your bottom line.

65% of HR professionals agree that hiring a dedicated recruitment marketing specialist would make their company's recruitment efforts more successful.
